Programs: Digital Citizenship

The Internet has changed the way our
students communicate with the
world. Pictures and personal post are easy to
share their creativity and express
themselves. However most of our students
do not fully understand the risks in some of
these behaviors.

With your help, the PTSA would like to
support a program to better understand
Internet Safety. Katie Greer is a leading
expert in the subject. This program was
selected by our principals/counselors because
she provides a dynamic program the students
will enjoy and take away a better
understanding of Internet awareness. Please
